

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

1-2 (canceled).

3. (new) Luggage comprising:

a luggage case;

an external wheel operatively attached to said luggage case for enabling said luggage case to be rolled, said wheel having an outer surface; and

a sheet, sized and shaped to fit said outer surface of said wheel, having a first adhesive surface and a second, opposite adhesive surface.

4. (new) Luggage as set forth in claim 3, wherein said sheet is provided with said luggage case and said first and second adhesive surfaces are protected by removable coverings.

5. (new) Luggage as set forth in claim 3, wherein said first adhesive surface of said sheet is adhered to said outer surface of said wheel and said second adhesive surface is protected by a removable covering.

6. (new) Luggage as set forth in claim 3, wherein said sheet is provided with said first adhesive surface protected by a removable covering and a personally selected item bearing an image is adhered to said second adhesive surface.

7. (new) Luggage as set forth in claim 6, wherein said image includes a photograph, school colors, or a flag.

8. (new) Luggage as set forth in claim 3, wherein said first adhesive surface of said sheet is adhered to said outer surface of said wheel and a personally selected item bearing an image is adhered to said second adhesive surface.

9. (new) Luggage as set forth in claim 8, wherein said image includes a photograph, school colors, or a flag.

10. (new) Luggage comprising:

a luggage case having an interior, a top, and a front; and

a flap, formed in said front, openable to provide access from outside said luggage case proximate said top, through said front of said luggage case, to said interior.

11. (new) Luggage as set forth in claim 10, wherein said flap is zippered.

12. (new) Luggage as set forth in claim 10, wherein said flap extends on said front toward said top and has a top edge and left and right side edges.

13. (new) Luggage as set forth in claim 10, wherein said flap has an outer surface and a pocket is attached to said outer surface of said flap.

14. (new) A method of personalizing luggage, including the steps of:

providing a luggage case having an operatively attached external wheel for enabling said luggage case to be rolled, said wheel having an outer surface;

providing with said luggage case a sheet, sized and shaped to fit said outer surface of said wheel, having a first adhesive surface protected by removable covering and a second, opposite adhesive surface also protected by removable covering;

exposing said first adhesive surface

adhering said sheet to said outer surface of said wheel;

exposing said second, opposite adhesive surface;

providing a personally selected item bearing an image; and

adhering said personally selected item to said second, opposite surface.

15. (new) A method as set forth in claim 14, wherein said luggage has:

an interior;

a top;

a front; and

a flap, formed in said front, openable to provide access from outside said luggage case proximate said top, through said front of said luggage case, to said interior,

whereby said luggage is personalized and easily accessible.

16. (new) Luggage as set forth in claim 10 comprising:

an external wheel operatively attached to said luggage case for enabling said luggage case to be rolled, said wheel having an outer surface; and

a sheet, sized and shaped to fit said outer surface of said wheel, having a first adhesive surface and a second, opposite adhesive surface.

17. (new) Luggage as set forth in claim 16, wherein:

said flap is zippered, said flap extends from said front toward said top and has a top edge and left and right side edges, and a pocket is attached to said flap; and

said first adhesive surface of said sheet is adhered to said outer surface of said wheel and said second adhesive surface is protected by a removable covering.

18. (new) Luggage as set forth in claim 16 wherein:

said flap is zippered, said flap extends from said front toward said top and has a top edge and left and right side edges, and a pocket is attached to said flap; and

said first adhesive surface of said sheet is adhered to said outer surface of said wheel and a personally selected item bearing an image is adhered to said second adhesive surface.

19. (new) Luggage as set forth in claim 18, wherein said image includes a photograph, school colors, or a flag.
